

# Snow Globes

A fun activity for the whole family! You can even make extras and give them as Holiday gifts!

## **Supplies:**

- Holiday ornaments of choice
- Mason jars
- 2-3 tablespoons white glitter
- 2-3 tablespoons clear glue
- Hot water
- Hot glue gun

1. Secure your ornament(s) to the bottom of the mason jar lid. You will need to use the hot glue gun.
2. Pour the clear glue and white glitter into the bottom of the mason jar. Add more for thicker glitter solution, or less for a thinner texture. Add the hot water, then stir well.
3. Once you've created the glitter solution, fill the jar up to the rim with water.
4. Lastly, add the hot glue to the inside of the jar lid and screw it on very tight before the glue dries. Let it cool in the fridge then shake and enjoy the magic!
